

East Fishkill Eye Associates
857 Route 82
Hopewell Junction, New York 12533
Dr. Vicki L. Chenarides, OD • Dr. Deborah Roodner, OD

Dear Patients,

We have some exciting news to share with you, our most cherished patients! After practicing optometry for over 30 years, we have made the difficult decision to announce our retirement and the transfer of our family practice to an amazing and talented optometric practitioner, Dr. Sharon Powell. It has been our privilege, humbling pride and joy to be your eye doctors throughout the years. In many situations, we have had the privilege of being your eye doctors for more than one generation of your family! Each of you has become an important part of our professional lives, and in many instances, cherished friends. It has been our pleasure to help you enjoy healthy lives, while at the same time, enjoy sharing personal experiences with you. Thank you for placing your faith in and trusting us, our staff and East Fishkill Eye Associates for so many years for your eye care. Your confidence in us has made it possible to provide you with the best eye care and build a thriving practice. As we begin the transition of ownership of our family practice, we are confident that we are leaving you in excellent hands for your continued eye care.

Dr. Powell was born and raised in New Paltz, New York and currently lives in Fishkill with her husband, Dr. Brian Powell - also a practicing Optometrist - and their two children who attend John Jay High School. Dr. Powell is an honor's graduate of the SUNY College of Optometry, with clinical experience in ocular disease at Castle Point Hospital and low vision and contact lenses at Montefiore Hospital. As a practicing Optometrist for 20 years, Dr. Powell has been providing her patients with comprehensive vision examinations specializing in the diagnosis and treatment of a wide array of eye diseases, conditions and chronic disorders. Her experience includes the use of advanced diagnostic technology and vision correction products. Dr. Powell's patients value her good listening skills as much as they do her clinical, diagnostic and practitioner capabilities. Like us, Dr. Powell is committed to improving the health and quality of life of her patients.

Thank you for the years that you put your trust in us for your eye care. We are deeply grateful for you having brought or referred your families and friends to us. We trust that you believe we have served you well. In return, we would like to express our appreciation for making it possible for us to build a truly exemplary family eye care practice in Hopewell Junction. As we transition over during the next few months, we are confident that we are leaving your eye care and our practice in the capable and excellent hands of Dr. Powell. Please trust her and the rest of the staff, as you have trusted us. The new name of the practice will be East Fishkill Eye Care; a small change from the former name of East Fishkill Eye Associates. If you have any questions about your medical records, please speak with us.

With warmest regards,

Drs. Vicki Chenarides, OD and Debbie Roodner, OD
